OUTLINES.

J. Pierpont Morgan, the New York financier, was a witness in a magistrate's court in London yesterday against Mrs. Josephine Leslie, who has been defrauding prominent families by inducing them to participate in an alleged Morgan deal paying big returns; by false pretences she secured $42,500 from Miss Annie Blount. ——At Montgomery, Ala., yesterday Judge Jones, of the United States Court, declared invalid and unconstitutional the act of the Legislature revoking the license of any railroad or corporation when it moves a suit from a State to a Federal Court. ——The Inter-State Commerce Commission yesterday sent to President Roosevelt and the Department of Justice a voluminous report and evidence in the investigation of the Harriman lines of railways; they report that Harriman has absorbed the principal transcontinental lines and thereby stifled transportation competition and but for the law would gobble up every railroad between Candada and Mexico; no recommendation is made and it is left with the President and Department of Justice whether to bring suit; Harriman denounces the report as a personal pursuit of him, declares that it is glaringly accurate, and is a political document. ——At Topeka, Kan., yesterday the State procured a temporary injunction against 68 insurance companies upon the allegation that they are in combine and that one man representing them arbitrarily fixes ruinously high rates of insurance. —— The State Court at Raleigh yesterday returned true bills against the Southern Railway agent for violating the new rate law fixed by the Legislature in spite of the injunction issued by Judge Pritchard. ——New York markets: Money on call, nominal, time loans strong; spot cotton 20 points lower, closing quiet at 12.85; flour steady but dull; wheat firm, No. 2 red 99 elevator; corn firm, No. 2 62 elevator; oats firm, 49 1-2; turpentine quiet, 60 to 60 1-2; rosin steady, strained common to good $4.50 to $4.60.

It is stated that a Florida farmer this season cleared $1,200 on one acre of cabbage. Every time we detect cabbage leaf in our cigar we can't help thinking of that farmer's luck at raising cabbage.

"It is shocking to contemplate the revelations that shows the crookedness of some men of high degree," says an editor. The evidence does seem to really show that some of them are so crooked that they could conceal themselves behind a corkscrew.

Says the Savannah Morning News: "When the Republican candidate hunters seek the tall timber they will see Fairbanks towering above the grove." Some how or other we have a sneaking notion that Fairbanks' chances will grow better on the long stretch.

The Asheville Citizen is now a seven day a week paper. That esteemed contemporary has ever been enterprising and is bound to meet the demands from the important field which it occupies, with the growing city of Asheville as the centre. The Citizen is a handsome and thoroughly excellent newspaper in every respect.

The Gastonia Gazette states that the increase in the assessed value of taxables in Gaston county over the assessment of last year is $1,500,000. If our North Carolina counties keep on doing like Gaston and a large number of others recently heard from, the Old North State will be put in the plutocrat class.

Japanese Hi-wo-muck-a-mucks declare that there is no cause for war beween Japan and the United States. There isn't, but Japan's diplomacy in magnifying merely local incidents into international questions, causing unwarratable friction and agitation, is plainly leading up to an excuse if not a cause for an open rupture with this country.

Up to now only two women have been brought into the case of Runyan, the New York bank teller who walked off with some $96,000 of the bank's money packed in a suit case. The only reason that more women are not mixed up in it is that Runyan was caught before he could get busy with what money he had left after dividing with Mrs. Carter and her sister.

Remarks a contemporary: "Vice President Fairbanks in saving a young woman from drowning in that lake will make himself solid with the women of the country." What's worrying us, however, is whether he has made himself solid with his wife by giving her a satisfactory explanation of how he came to be meandering around the lake at the phychological moment of rendering service to a drowning young woman.

WANT TWO [illegible] BERTY

Friday is Set By Judge Cooke For Hearing of Rowland Habeas Corpus.

OTHER NEWS FROM RALEIGH

Governor Glenn and Treasurer Lacy Speak in the Country—Harnett County Land and Trucking Enterprise Chartered.

(Special Star Correspondence.).

Raleigh, N. C., July 13.—Judge Cooke, of Franklinton, today agreed to hear the habeas corpus case of Dr. and Mrs. D. S. Rowland, indicted and in jail for the murder of Charles R. Strange, then Mrs. Rowland's husband, on Friday next. T. T. Hicks, of counsel for the Rowlands, went to Louisburg today and made the application for a writ to Judge Cooke. The purpose of the writ is to secure release of the prisoners on bail which has heretofore not been permitted them. The petition and affidavit required in such a proceeding is signed by D. G. Gill, of Vance county, an uncle of Dr. Rowland. The hearing of the petition for this writ will probably be held in Raleigh and the result of it will be awaited with interest. Judge Cooke from the evidence submitted to him will really pass on the question of whether or not there is probable cause of murder in the first degree.

About forty subpoenas were placed in the hands of the sheriff tonight to be served on witnesses. Counsel for the prosecution intimate it will be impossible to hear the case at that time because witnesses cannot be gotten here, and laugh at the idea of efforts to get bond, where only murder in the first degree enters. Counsel for the Rowlands are understood to be divided as to the wisdom of the step, leading counsel opposing it.

Governor Glenn and State Treasurer Lacy went out to Wakefield in this county today to speak at a big edncational rally.

A charter is issued for the Eden Colony Fruit Co., of Rock Branch, Harnett county, W. W. Giles having two thousand shares at $1 each and seven other men one share each at the same value. This is the enterprise against which charges were recently filed with the State Department of Agriculture on the ground that immigrants were being induced to come here from various parts of the North and Northwest with a view to purchasing truck farms, money to be put up before the prospector was on the scene. An Ohio woman was principal complainant in the recent effort to have the State Department do something for the relief of aggrieved parties. No action was taken and Mr. Giles gave assurance that steps would be taken to satisfy every person with whom they had been dealing.

Thos. Hackney, of Nash county, died at the Soldiers' Home this morning aged 70 years. He was captain of Company K, First Regiment Conferate troops. This is the twenty-third death at the home this year. And all of them have been hospital patients.

Stokley Won Bowling Contest.

Walter Stokley won the $5 gold piece offered by the management in the Lumina bowling contest which closed last night with three games between the highest rollers at 9 o'clock. His score in the three games was 450. A similar prize is offered for next week and much interest is expected to develop in the contest.

IN RAILROAD LITIGATION

Indictments Returned Against Southern Ticket Agent in Raleigh in Spite of Judge Pritchard's Restraining Order—Others.

(By Associated Press.)

Raleigh, N. C., July 13.—The grand jury of Wake county today returned three true bills of indictment against T. E. Green, the city ticket agent of the Southern Railway, for selling railway tickets at more than the two and a quarter cents rate prescribed by the last Legislature. The warrants will be served Monday. Volation of the law is made a misdemeanor, punishable by fine and imprisonment in the discretion of the court. The indictments follow the charge of Judge Long, who urged this course. The enforcement of the rate on the Southern and Atlantic Coast Line has been enjoined by Judge Pritchard in the Federal court, and a clash between the State and Federal Courts seems likely. Further indictments are expected.

A restraining order was issued here today by Judge Pritchard, of the United States Court, directed to J. A. Spence, a lawyer, who has brought suit for seventeen clients in Randolph county from continuing or beginning civil suits for damages of $500 each or from instituting criminal proceedings against any agent or employe of the Southern Railway. The hearing is set for Friday, August 12, at Asheville, N. C.

Another Account.

(Special Star Telegram.)

Raleigh, N. C., July 13.—The day in official circles here was marked with important developments in the impending conflict between the Federal and State Superior Courts regarding the enforcement or non-enforcement of the railroad rate acts of the recent Legislature. Early in the afternoon the grand jury of Wake county, following instructions from Judge Long in his charge Monday returned three true bills against the Southern Railway designating T. E. Green, ticket agent at Raleigh as the person to be prosecuted for the violation of the act.

The case against Green charges a misdemeanor, which is punishable by fine or imprisonment. He will not be arrested until Monday; then will come the "tug of war," as the Southern is expected to go into the Federal Court for a writ of habeas corpus or other counter proceeding with the injunctions outstanding on the part of the Federal Court to prevent prosecutions of every kind complained of in the writ.

Another development was the service of injunctions from Judge Pritchard, of the Federal Court, on B. C. Beckwith, of Raleigh; J. A. Spence and Elijah Moffitt, of Randolph county, together with specified clients restraining them from bringing any suits against the Southern for penalties. The bills set out that Spence and Moffitt have already instituted a number of suits in Randolph and Beckwith has in the public prints expressed his willingness to bring such suits, and is, in fact, now preparing to institute suits for a number of clients. They are made parties to the restraining order against the Corporation Commission in the original injunction against the enforcement of the State rate act.

Prominent members of counsel intimate there may be indictments for contempt of the United States Court if developments continue that tend to disregard orders clearly made by Judge Pritchard.

INFANT DAUGHTER DEAD.

Mr. and Mrs. F. A. Thompson Bereaved—Funeral Yesterday.

Mr. and Mrs. F. A. Thompson have the tenderest sympathy of many friends in the death of their infant daughter, Isabelle, aged eight months, which occurred at the family home, No. 109 North Fifth street, at 3 o'clock yesterday morning. Little Isabelle was the only child of Mr. and Mrs. Thompson, and to her they were tenderly devoted, the death coming to father and mother as a crushing blow. Many friends called yesterday during the day to tender their sympathy and to attend the funeral services which were conducted at 5:30 o'clock by Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church, assisted by Rev. Alex. D. McClure, D. D., pastor of St. Andrew's. The little casket was covered with beautiful flowers and the hymns were rendered by a special choir. The interment was in Oakdale Cemetery, the pall-bearers having been: Honorary, Drs. E. J. Wood, A. H. Harriss and Morris M. Caldwell; active, Mr. Jos. W. Yates and Mr. J. C. McEachin.

Back From Triennial Conclave.

Mr. U. M. Robinson, who has been attending the Tri-ennial Conclave of the Knights Templar at Saratoga, was summoned home yesterday on account of the serious illness and subsequent death of his little niece, the infant daughter of Mr. and Mrs. F. A. Thompson. Mr. Robinson says there are 25,000 Knights in attendance upon the conclave and in all there are 50,000 visitors in Saratoga. Other Wilmington people there are Mr. Cuthbert Martin, Mr. and Mrs. J. C. Munds and two daughters, Mr. and Mrs. H. G. Smallbones and Mr. J. B. Weatherby, of Faison. They will return later.

CITY LEAGUE GAMES

Two Interesting Exhibitions By Four Teams at Hilton Park Yesterday Afternoon.

A RECORD AS TO TIME

Giants Blanked Monarchs in Just 59 Minutes, While Invincible Y. M. C. A. Easily Took Seventh Victory From Tailenders.

Yesterday's Results.

Monarchs, 0; Giants, 1.
Y. M. C. A., 8; Rattlers, 5.

Standing of the Clubs.

	Won.	Lost	P. C.
Y. M. C. A.	7	0	1000
Monarchs	3	4	.428
Giants	3	4	.428
Rattlers	2	6	.250

It required just 59 minutes by the watch for the Giants to administer an overdose of white wash to the hard-playing Monarchs in the second game of the doubleheader in the City Baseball League at Hilton Park yesterday afternoon. The score was one one to nothing, the lone run having been made by the Giants in the second inning. Before and after that time, the teams were up and out in one, two, three order, the men being right in the game and playing fast, snappy ball. The time record for the game is perhaps unexampled in the history of the local diamond, for nine innings. Green and Gore, C., on the slab for their respective teams did excellent work and the infield movement of both teams was all that could have been desired. But four hits were made in the entire game. Of these the Giants got three and the Monarchs one.

The Score:— R. H. E.
Monarchs.. .. ..000 000 000—0 1 4
Giants .. ..010 000 000—1 3 3

Batteries: Green and Moore; Gore, C., and Seifert.

Summary: First bast on balls, off Gore, 4; Green, 6. Struck out, by Gore 1; Green 2. Double plays, Kenna to McClellan. Wild pitch, Green. Hit by pitched ball, Brittain. Time .59. Umpire Mr. Moore.

The remarkable fast game between the Giants and Monarchs was preceded by a rather indifferent exhibition between the champion Y. M. C. A. and the Rattlers who have been hugging close to the bottom of the percentage column but playing hard. The score yesterday was 8 to 5 in favor of the Association team in spite of the fact that the Rattlers appeared in much better light in the hit and error columns. The game was well attended and at times the Rattlers lost heart.

The Score:— R. H. E.
Y. M. C. A. .. .. 330 020 000—8 3 12
Rattlers .. ..310 010 000—5 6 7

Batteries: Parker and King; Sallings, Houston and Cashwell.

Summary: First base on balls, Sallings 1, Parker 2. Struck out, by Sallings 6, Parker 5. Time 1:23. Umpire, Mr. Moore.

The games next Saturday will be by the same teams in reverse order and at that time they will be more nearly equal. The attendance yesterday was exceptionally good but next Saturday an even much larger crowd is expected.

NAVAL RESERVES WILL GO.

Wilmington Division Will be With State Troops at Exposition.

Lieutenant H. M. Chase, commanding the Wilmington Division Naval Reserves, has received orders that his command will be expected to accompany the North Carolina National Guard to the Jamestown Exposition during North Carolina week from August 11th to 19th, inclusive. It was announced several days ago that some of the Naval Brigade divisions would be selected for this special service. It will be pleasing to members of the Wilmington Division to know that they have been selected and they have already set about to make the best showing possible on that occasion. Official notice appears in another column calling on the Wilmington Division to report at its armory Tuesday night of this week for special drill in anticipation of the Jamestown trip. Other drills will be held between now and the date for the Division to move and it is expected that it will go with a full complement of men and officers.

Accepts Position in Wilmington.

The following from a recent issue of the Wilson Daily Times will be read with interest by friends of Miss Eva Farmer who has been speding the Summer in Wilmington with her parents, Mr. and Mrs. W. E. Farmer, No. 3 North Ninth street: "The many friends in Wilson of Miss Eva Farmer will deeply regret to learn that she has resigned her position as teacher in the Graded School and accepted a position in one of the city schools in Wilmington. Miss Farmer is a very fine teacher and a most excellent woman, and has all those noble qualities that endeared her to her pupils. It is to be regretted that Wilson is to lose the fine services of such an admirable teacher, and Wilmington is fortunate in securing them."

A FIGHT AT THE MARKET

Dr. C. T. Harper, Superintendent of Health, and Mr. W. M. Sneeden, a Dealer, Came to Blows Over Condemnation of Shrimp.

Dr. Charles T. Harper, city superintendent of health, and Mr. W. M. Sneeden, a dealer in produce, came to blows at the Front Street Market House yesterday afternoon between 3 and 4 o'clock, as a result of which both were arrested by Policeman C. W. Kunold and escorted to police headquarters where they were each recognized for their appearance before the Mayor to answer the charge of engaging in an affray. The fight between the official and dealer occurred while the market was crowded with people on a Saturday afternoon and it was regarded as something of a sensation. Neither of the men was seriously injured, Mr. Sneeden having only a scratch or two about his face while the doctor was apparently not injured at all, being a man of much larger physique and well able to take care of himself in most any company.

From what can be learned the trouble was caused by the condemnation of a basket of shrimps at Mr. Sneeden's place, it being one of the duties of the superintendent of health to visit the market and inspect as closely as possible all foods that are offered for sale. Dr. Harper came by Mr. Sneeden's stand at the market, took a whiff of the shrimp and pronounced them "no good," instructing Capt. T. H. Johnson, clerk of the market, to see that they were disposed of. Mr. Sneeden did not take kindly to what he believed was an unwarranted interference with his business and told Dr. Harper he believed his action in condemning the shrimp was inspired by a rival dealer. Dr. Harper replied that such was not the case. Mr. Sneeden re-iterated his statement that it was so, the lie was passed and the two men came togethr in fast and furious shape. Market stands and baskets had to take a back seat while the fray lasted and it was some minutes before Officer Kunold could separate the two. Dr. Harper accepted his arrest in his characteristic good humor and said that he had planned to go to Philadelphia on the evening train. He left as he had intended and the case will come up for trial upon his return.

LAWYERS ARE RETURNING.

State Bar Association at Hendersonville Has Adjourned.

The large number of North Carolina lawyers who have been attending the sessions of the State Bar Association at Hendersonville are returning to their homes while still others with their families are sojourning a while longer in the mountains. Ex-Judge C. A. Moore, of Asheville, was elected president for the ensuing year and Thos. W. Davis, Esq., of Wilmington, was re-elected secretary and treasurer. Among the vice presidents from the sixteen judicial districts in the State are Hon. Jno. D. Bellamy, of New Hanover; A. D. Ward, of Craven; W. C. Monroe, of Wayne; Stephen McIntyre, of Robeson; E. H. Gibson, of Scotland, Col. N. A. McLean, of Lumberton; A. D. Ward, of Newbern, and W. P. Bynum, of Guilford, were chosen delegates to the American Bar Association. Judge Alton B. Parker was elected an honorary member of the North Carolina Association. A resolution was adopted urging the Legislature to forbid railroad companies from issuing passes or otherwise showing courtesies to attorneys, State officials or members of the Corporation Commission.

SOUTHERN DISTILLING COMPANY

Business Purchased by Mr. Leonard Edwards—Mr. Seligman, Manager.

Elsewhere in today's paper will be found an official notice that the Southern Distilling Company has disposed of its business at 311 North Front street, this city, to Mr. Leonard Edwards and that the business will be extended and enlarged and contined at the same stand with Mr. M. Seligman as manager. Mr. Julius Hahn, the former proprietor, left yesterday afternoon with Mrs. Hahn for New York and will sail for Germany Wednesday on the North German Lloyd Liner Maine, remaining away until Fall, visiting Carlsbad and other health resorts in the old world. They have the best wishes of many friends for a plesant voyage, a beneficial stay abroad and a safe return to Wilmington.

The Southern Distilling Company Company will carry a select line of pure family wines and liquors and the goods in original packages will be handled from the distillers direct. The gentlemen now at the head of the enterprise are experinced in the business and promise to increase the large trade already enjoyed by the house.

Liquor in a Meat Store.

The Fayetteville Observer of yesterday afternoon has the following: "Chief of Police Benton this afternoon raided the meat store of J. B. Matthews on Person street, and seized 20 pints of whiskey. No papers were served other than the search warrant. The refrigerator was broken open before the whiskey was found. The whiskey is claimed by several different parties."

BIG WEEK AT BEACH

Crowds Larger Last Night Than at Any Previous Time The Present Season.

ALL HOTELS WELL FILLED

Double Concert This Afternoon and Evening at Lumina—Changes in Orchestra—At the Seashore Hotel—Other News Notes.

The week just closed at Wrightsville Beach finds a much larger number of visitors and cottagers at that delightful resort than it was believed would assemble there during the season from first indications. The late Spring and the Jamestown Exposition were cerainly forgotten in the throngs at both hotels and at Lumina last night. Then, too, every cottage reflected bright lights and the verandas of every habitable place were alive with people. The number of visitors now at the beach is conservatively estimated at more than 500 and there are arrivals daily. At both hotels and at Lumina there were dances last night and the season may now in truth be said to be at its height. The weather today promises to send hundreds from the city to the "sad sea waves" and anticipating this the Consolidated Company announces its usual Sunday schedule of express trains every half hour with local cars between times. Yesterday the travel was quite heavy in spite of the rain and threatening skies.

At the Seashore Hotel today from 11 A. M. to 12:30 P. M. Prof. Webber's Orchestra will render a special programme as follows:

Grand March .. .. ..Mendelssohn
Overture—"The Calif of Bagdad .. ..
Intermezzo—"Fairy Queen" .. ..P. Wennich
Selection—"The Red Mill" .. ..Herbert
(a) "Traumeri" (Schumann) .. ....
(b) "Romance"—for Flute....Menzel
Selection—"Dream City and the Magic Knight" .. ..Herbert
March—"Turque" .. .. Beethoven

On account of the increasing number of people who attend the Sunday afternoon and evening concerts at Lumina the Consolidated Company has decided to augment the orchestra for these occasions beginning today. At the request of Director Kneissel the orchestra will be increased from seven to ten pieces today, the additional men coming from the Seashore Orchestra and Mr. Ed. Huston, 'cellist, of Birmingham, Ala. Another change will be that the orchestra will be seated in the centre of the ball room, giving the audience a much better view and affording a better opportunity of hearing the music. Special programmes have been arranged for both the afternoon and evening concerts today, Mr. Robert H. Morris being the soloist. The programmes are as follows, the first concert being from 3:45 to 6:10 P. M. and the second from 8:30 to 10:10 P. M.

Afternoon.

March—"Honey Boy" .. .. Albert Von Tilzer
Overture—"Hypatia".. .. ..

GOVERNMENT RECEIVERSHIPS FOR CORPORATIONS.

A few days ago it was announced from Washington that one of the Roosevelt administration's new plans for regulating corporations and busting trusts is to appoint a receiver or receivers to wind up their affairs in the event that the government should win its case and the evidence should show that a trust is so organized that it is doing business in restraint of trade. The announcement of the new plan at first sounded fishy, but a few days afterward it was officially confirmed in a dispatch from New York telling about the government's plan to go after the Tobacco Trust. The special assistant Attorney General made a breast of the fact and told as how the thing was going to be worked on the Tobacco Trust if it is proven that it is the awful buccaneer in trade that it is alleged to be.

The Charleston Post sees in this receiver business a dodge for the government to get to doing business through its receivers and gradually to get so mixed up in it that the government will be manufacturing and selling tobacco. At least that is the inference we get from this said by the Post:

"This receivership trick the government is going to try on the trusts looks pretty dangerous to the big monopolies, but it looks also very much like a long step toward government operation of industries and acquisition to that purpose by judicial confiscation, in which aspect it appears more dangerous to the people than to the trusts. It may prove to be a remedy that is worse than the disease."

The Post has the same fear of government ownership that we have, and between the actual existence of trusts and prospctive government ownership and government operation of industries it is enough to make an orthodox individual of Democratic persuasions turn grey in one night.

On top of all this receivership business, another Washington dispatch the past week made it known that President Roosevelt has another plan to get next to corporations by the government's taking stock in them and having its representative get on the board of directors so he can watch corporation didos. We do not like to be too suspicious or misjudge men, but it would be a terribly trying position for such a Federal representative to keep from having his "eye shut up," to run the risk of having the wool pulled over his eyes, or else to be in a mighty strain to preserve his integrity. We do not know how much truth there is in this new plan for part government ownership, but the Richmond News-Leader takes it seriously. That esteemed contemporary thereupon knocks the new Roosevelt idea, and in doing it gives vent to some good old fashion Democratic ideas that are worth being kept before the people. For instance the News-Leader says:

"President Roosevelt seems to be determined to keep ahead of the procession. Whenever that unfortunate nominal Democrat Bryan takes a position, no matter how radical, erratic or extreme, he finds that fortunate nominal Republican Roosevelt jumping alongside of him, nudging him off and seizing his place. Now Mr. Roosevelt is announced as accepting the Bryan idea of government ownership of transportation lines. We shall look to see him take up the referendum and initiative sometime in August, when the weather becomes more intensely hot and his brain begins to seethe at full Summer time speed.

"Mr. Bryan says the government should take entire ownership and possession of the transportation companies and operate them. President Roosevelt says the government should buy stock in them, becoming part owner, and be represented on the boards of directors. One proposition is as absolutely and completely opposed to the principles on which and the purposes for which our government was founded as the other. It is easy to see how endless complications and dangers would result from either the Bryan plan of full ownership or the Roosevelt plan of partial ownership. Ownership must carry responsibility. It is no part of the function or privilege of the government of this republic to be responsible for the actual operations of a transportation company. Ownership also carries power, inevitably. It is contrary to the foundation principles of this republic to give the Federal government any such violent, artificial and inevitably increasing power as would accompany ownership and immediate direction in the policies and working forces of transportation companies. In case of rival lines, how would the government stock and directors vote on questions arising between them and determining their relations to each other and their relative gain or loss?

"The President maintains that a government director in each transportation line would assure the public of open bookkeeping and exact knowledge of the real conditions and operations of each organization. This impresses us as nonsensical. Books could be studied and balanced, vouchers and accounts overhauled and statements analyzed by an inspector, as is done with the national banks, without any complication of the government with ownership or operation.

"To the man in the street it appears that the President, Mr Bryan and all the other people who undertake to transplant European methods and schemes to this country overlook the obvious fact of the difference between the governments. What may be proper and possible under a monarchy or an empire may be destructive and impossible in a republic. The United States and Europe appear to be working in reverse directions. While Europe is tending toward Democracy and larger liberty and more control of local affairs for the citizen, we are going toward restriction and reduction of individual rights and the powers of local governments, toward centralization and concentration of power at Washington. It is time to halt.

"The trouble with all excitable men is that when they have accomplished some good in some special direction and find that they have won popular approval and applause their tendency is to rush to violent and ridiculous extremes. Mr. Roosevelt is at that point. Government regulation of transportation companies is approved by the entire country. Anything like government ownership will be repudiated indignantly and practically unanimously. The President will find himself drawn up with a short rein, just as he was a few months ago when he stepped over the line on the question of State rights. The people of the country are backing him up so long as his positions are sensible, and within the bounds fixed by the constitution; but they watch him closely and are ready to check him and his party instantly."

"Youngling is going to marry the widow Henpeck." "Why, she's twice as old as he is." "Oh, well, he'll age fast enough after the wedding."—Town and Country.

—"We will yet have you voting the prohibition ticket," said the reformer. "No, sir," answered Colonel Stillwell, of Kentucky. "If I ever become so intoxicated as to so far forget myself as that, I shall abstain from liquor ever after."—Washington Star.

—The Deacon—"I see the Japanese have a coin called the mousang which is worth one 20th part of an English penny." The Dominie—"If they ever become common over here, our church contribution boxes will probably be filled with mousangs." — Yonkers Statesman.

"So your husband is very fond of animals, Mrs. Youngbride?" "Yes, but we haven't any pets at home, because he thinks the care of them would be too much for me." "But he really likes them." "Oh, yes; there's a little kitty at the club he's just devoted to."—Baltimore American.

—An exchange in speaking of a deceasd citizen, said: "We knew him as old Ten Per Cent—the more he had the less he spent—the more he got the less he lent—he's dead—we don't know where he went—but if his soul to heaven is sent—he'll own the harps and charge 'em rent."—Southwesterner's Book.

Knew More Than the Judge.

Justice Maule, one of the greatest judicial wits of England, had doubts as to the credibility of a witness on one occasion, and the man declared that he had been "wedded to truth" from infancy. "That may be," said the justice, "but the question is how long have you been divorced?" A little girl was a witness before him, and he proceeded to ascertain whether she knew the nature of an oath. The child in answer to questions said she would go to heaven if she told the truth, but would go to the other place if she told lies. "Are you sure of that, my dear?" Justice Maule asked. "Yes, sir, quite sure." "Let her be sworn," said the court; "she knows more than I do."

Changed His Mind.

A man went to a boxing instructor and asked him how much he would charge him for twenty-five lessons. The instructor told him his terms, and the lessons commenced. After two lessons the pupil, who was somewhat the worse for wear, remarked to the professor: "You see, I wanted to take enough lessons so that I could learn enough about the manly art to lick a man. I've changed my mind now. I guess I will send the fellow down to take the rest of the lessons."

How a Fox Escaped.

In the West Somerset country a fox was hunted right down to the seashore, and to the surprise of every one he swam boldly out to sea. The hounds were taken away, and after some minutes the fox swam back, landed, shook himself and trotted quietly away. The master decided that his life was to be spared, and he was hunted no more that day.—Country Life.

Competition Too Keen For Him.

A farmer during a long continued drought invented a machine for watering his fields. The very first day while he was trying it there suddenly came a downpour of rain. He put away his machine.

"It's no use," he said; "ye can dae naething nooadays without competition."—Scottish Nights.

Would Open Them.

"You told me your husband had large, fine eyes. I didn't notice it."

"Wait a minute or two till the milliner comes along with my new hat and the bill."

Unfortunate.

She—So you told Lady Buncomb she looked as young as her daughter. That caught the old lady, I know. He—Yes, but it lost me the daughter.

From Germany we get the custom of celebrating gold and silver weddings.

ONE OF WILMINGTON'S CARPENTERS TELLS OF HIS CURE.

Dyspepsia and indigestion not only attacks those of sedentary occupations, but also those engaged in the active pursuits of life, and these attacks seem as bad in one case as the other. The cure, however, operates successfully under all conditions as the following illustrates:

Dr. Richards' Dyspepsia Tablet Association, 53 and 55 Worth St., New York, N. Y.

Gentlemen:

A friend who knew how I suffered from dyspepsia went to Dr. Green's drug store four or five weeks ago and got me a bottle of Dr. Richards' Dyspepsia Tablets. I started taking them with little or no faith, for I had tried many medicines before without success; but it is a fact that my health began to improve almost at once.

And, mind you, I was greatly troubled with sour stomach, and there were very few things that agreed with me at all. I also suffered much from constipation and had to use cathartics with great frequency.

Dr. Richards' Dyspepsia Tablets have made my troubles disappear and I am feeling better. The constipation and bowel trouble has also been relieved with the use of the little yellow pills that come with the tablets.

WASHINGTON MC NIEL,

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at R. R. Bellamy's Druggist 50c.

Have your eyes examined by Dr. Vineberg, the Eye Specialist at Munds' drug store, Masonic Temple. No charge for examination. Spectacles or eyeglasses from $1.00 and up. Satisfaction guaranteed. jul 9-2t

THE BRUNSWICK RAILROAD.

First Car Load of Rails Have Arrived. Beginning Work.

President Z. W. Whitehead, of the Wilmington, Brunswick & Southern Railroad, says that the first car load of rails for the new line which his company has projected through Brunswick county, has arrived and will be followed by others in quick succession, so that track laying will begin at Navassa on the 25th instant. The driving of the first spike, it is proposed to celebrate with a great gathering of the people of this city, and the county of Brunswick. It is proposed to have addresses by the mayors of Wilmington and Southport, and the trades bodies of the two ports. Mr. Whitehead says that several miles have been graded and large quantities of cross-ties cut and placed along the right of way, so that the work will be pushed to as speedy completion as possible. Brunswick county recently voted to purchase $80,000 of the bonds of the road, and it will be completed as soon as possible, though there is great difficulty in securing steel rails. Mr. Whitehead is president; Mr. W. H. Chadbourn, first vice president; Mr. A. J. McKinnon, second vice president, and Mr. R. F. Devane, of Red Springs, is secretary and treasurer of the new road. These with Messrs. R. W. McKeithan, Jackson Stanland, Geo. H. Bellamy, of Brunswick, and Martin McKinnon, of Maxton, constitute the Board of Directors of the company.

BRIDEGROOM DIDN'T APPEAR.

Marriage Ceremony That Didn't Take Place—The Sequel.

While the bride and officiating magistrate waited at the home of a friend Mr. Rhew, Sixth and Dawson streets, last night at 8 o'clock, the bridegroom failed to put in an appearance and the marriage of Miss Flora McNair Clark, a daughter of Mr. and Mrs. Thos. E. Clark, of Bladen county, and Mr. Murdock M. Alexander, a young grocery clerk of this city, did not take place as had been appointed at that hour. Justice Bornemann was the officiating magistrate and upon the failure of the bridegroom to reach the house for the ceremony as he had promised, he was sought at his home in another part of the city. He could not be found and upon the justice's advice a warrant was issued for him by the bride-to-be charging him with seduction under promise of marriage. The warrant was placed in the hands of Deputy Sheriff A. T. Piver but up to a late hour last night the young man still could not be found. Much sympathy was expressed among friends of the young woman at the turn the proposed marriage took after the license had been secured in the afternoon and all other arrangements made.

Hail Damage in Bladen County.

A report reached the city yesterday of extensive damage to crops in the White Lake section of Bladen county on last Tuesday by a terrific hail storm. It is said to have been the worst storm ever known. Mr. W. J. Melvin's crop is reported to be almost a total wreck except some young corn. A three-acre tract of cotton from knee to waist high was left without a leaf. The storm was accompanied by a violent wind storm which blew trees down and did other damage. All others who had crops in what is known as R. P. Melvin's swamp lost heavily, among the number being Messrs. Ralph P. Melvin, R. I. Smith and G. F. Thomas. It appears that no other crops were hurt except in the immediate section named.

INJURED BY CAR.

Mrs. R. B. Bivens Thrown Violently Early Last Night.

While alighting from a street car at Ninth and Princess streets last night about 8 o'clock, Mrs. R. B. Bivens, who lives at 910 Chestnut street, was thrown violently to the paved street and was rendered unconscious for some time. The car started ahead after stopping before Mrs. Bivens was off, according to several who claim to have seen the accident. She suffered a scalp wound and abrasions about the arms. Mrs. Bivens was assisted to her home, one block distant, where Dr. A. H. Harriss attended her Her injuries are quite painful, but not serious.

B. C. Stokes Dead.

B. C. Stokes, the well known colored merchant at Tenth and Castle streets who was thrown from a buggy in a runaway last week, died yesterday at the James Walker Memorial Hospital, where he had been taken by Dr. J. B. Cranmer for treatment. It is thought that internal injuries developed in addition to a bad fractiure of the thigh. He leaves a wife and one or two children, and was well thought of by all who knew him. The horse which ran away with Stokes had just been purchased by him on the 13th of last June, just one month to the day that the owner died. The remains were prepared for burial by Undertaker Jno. H. Shaw and will be buried today.

Boys for Breaking Glass.

Richard Walker and Frank Shipman, two of the four colored boys arrested by Road Superintendent Herbert Hocutt near Delgado Friday afternoon, were bound to the higher court by Justice Furlong yesterday to answer the charge of throwing glass on the turnpike. The two others were dismissed, they having been in the party, but not indulging in the glass throwing diversion. Conuty Attorney Marsden Bellamy appeared for the prosecution.

AFTER INSURANCE COMBINE.

Temporary Injunction Against 68 Companies in Kansas.

(By Wire to The Morning Star.)

Topeka, Kan., July 13.—Injunction suits were filed in the County District Court here today by Attorney General Jackson against sixty-two fire insurance companies, charging them with violation of the State anti-trust laws. The suits are based on information furnished by Charles H. Barnes, superintendent of insurance, and seek to prevent the companies from using the Eldridge rating sheet in writing Kansas insurance. The suits involve every fire insurance company doing business in the State.

In his charge in an affidavit filed by the Attorney General, Mr. Barnes says:

"There is in existence in the State of Kansas an unlawful arrangement, trust and combination in restraint of the business of fire insurance within the State of Kansas. The defendants are members of and participants in combination. By means of such unlawful agreement, trust and combination cost of the insurance to citizens of Kansas is arbitrarily fixed at high and extortionate figures by one Charles N. Eldridge, of Shawnee county, Kan., woh is agent or other general functionary of some character, who by common consent of the defendants and by certain unlawful arrangements, combination and agreement between them, is authorized and permitted by the defendants to fix the cost and rate of fire insurance."

Mr. Barnes alleges that competition is almost totally abolished and the rates and cost of insurance fixed so high as to be prohibitive.

This is the same bureau which Webb Mc Nall put out of business while he was superintendent of insurance. It was then known as the Clarkson bureau. Eldridge was a clerk in the Clarkson bureau at the time.

Judge A. W. Dana, who heard the Attorney General's application, later granted the temporary injunction. The Attorney General announced that he would seek to have the injunction made permanent.

To the District Conference.

At a recent meeting of the official board of Grace M. E. Church the following delegates were elected to the District Conference which meets at Whiteville Wednesday week, viz: Dr. N. M. Culbreth, Messrs. W. B. Cooper, Wm. E. Springer and Wm. P. Cline. The delegates will carry up a good report from Grace Church. The attendance upon the conference, it is expected, will be large.

Police Court Yesterday.

The police court yesterday was not especially interesting. Neal McArthur, colored, charged with vagrancy, showed mental deficiency, and was sent to 30 days on the farm instead of the roads. Ruffin Harriss and Wm. Holmes, colored drivers, charged with an affray at the Carolina Central Railroad, were taxed with the costs and fined $5 respectively.

Told by the Cards.

A young woman told a tale of cruel desertion to the officers of an east side charitable institution in New York, and when her case had been disposed of she started to leave the room, wailing, "If I had only believed the cards!" She was asked to explain and said: "We were engaged in Bohemia and our parents were pleased with the match. It was all agreed what I should receive, and we were happy. Then my father, to find out more about the young man, invited him to play cards with him three times, and when the third card evening was over he said 'No.' 'Only in cards a man shows his true nature,' he said, 'and this man showed me enough to show me that he will not be a good husband.' And then when the match was broken I came to this country to my brother. Then Max came, too, and we were married. But the cards were right, and my father knew." And dwelling on that point and sobbing hysterically she left the office.—New York Tribune.

Lack of Sea Room on the Lakes.

The wind often reaches a very high velocity on the lakes, blowing at times sixty, seventy and on rare occasions eighty miles an hour, when the great fleet of lake craft is sure to be depleted by disaster and watery graves added to the great marine cemetery. On such occasions the sea raised would hardly inconvenience an ocean going tug, but by reason of the short distance from shore to shore—"lack of sea room," the mariners term it—vessels are unable to hold a course in the open waters and are driven by the wind upon the treacherous beaches, there to be pounded into splinters. Danger lurks everywhere in the shallower lakes—particularly Erie—where vessels of any considerable draft are apt to pound bottom if caught in a storm and go to pieces like a shattered wineglass.—New York Post.

Music and Method.

The sane, healthy way to study the piano is to apply one's thought directly to the work laid out methodically by the teacher for a certain length of time every day. That length of time depends entirely upon the future that the student may decide upon. If he or she take up music as a profession, four hours daily should be given to study; if as an amateur, two hours are enough. In both cases the division of time devoted to practice should be not less than one hour.—I. J. Paderewski in Strand Magazine.

Force of Habit.

"I—I must not listen to you, Mr. Pennyaline," protested the blushing girl, with eyes downcast. "You are only trifling, and—and, besides, it is getting late."

"Please hear me out, Miss Helen," pleaded the infatuated young reporter. "I'll cut it down to 250 words."

RIOTING IN ROANOKE.

Greek Restaurant Attacked and Demolished With Bricks.

(By Wire to The Morning Star.)

Roanoke, July 13.—Resenting the treatment a young American received at the hands of several Greeks in a restaurant on Salem avenue about 11 o'clock tonight a crowd gathered in front of the place and bombarded it with bricks, demolishing the windows and doors. Some one inside fired several shots into the street, none taking effect, however. The crowd continued to hurl bricks and other missiles for two hours, the police being unable to quell the disturbance. At about 1 o'clock this morning Mayor Joel Cutchins and Police Justice John Randolph Bryan are n the street, the latter armed with a revolver, aiding the police in forcing the crowd back to Commerce street.

Judge Bryan ordered the police to arrest an American who was in the street, but when the officer started to do so the crowd yelled "No you don't" and closed in. The policeman did not make the arrest.

Another attempt by the police to arrest a man in the street failed, and Judge Bryan then warned the disturbers that he would shoot the first man that assaulted an officer.

A fire alarm was turned in by direction of Mayor Cutchin and a company from the central station came upon the scene. As the hose was being attached to the hydrant there were cries of "cut the hose," but when the water was turned on the crowd, they fell back in all directions. The shower of bricks continued to fall on the restaurant, also the place next door to the Greek restaurant in which the trouble started, was bombarded. As a matter of precaution, Mayor Cutchin ordered all the all-night Greek restaurants closed.

A quantity of carbolic acid was thrown from the window of a building opposite the restaurant and a number of persons on the sidewalk were burned on the hands and arms.

As the firemen went through the streets they were stoned by the crowd.

CONTROL OF CORPORATIONS.

Nebraska Railroad Commission Opposed to Roosevelt Plan.

(By Wire to the Morning Star.)

Lincoln, Neb., July 13.—Railway Commissioner H. T. Clarke, Jr., today declared himself in accord with Judson Harmon, of Cincinnati, and other men who have lately stood for the right of the State to deal with the corporations, independently of the Federal authorities. Mr. Clarke as well as Commissioner Williams have expressed opposition to the idea of President Roosevelt looking toward Federal control of railroads.

"State control, coupled with the criminal prosecution of some of the leading corporation officials, will solve the problem," said Mr. Clarke. Chairman Winnett,of the railway commission, stated that he approves the idea of a Federal Commission, having one member from each State. He favors criminal prosecution of offending corporation officials, but is opposed to prosecution of subordinate agent who perferm duties as commanded by higher officials.

WOMAN PROBABLY HAS $25,000.

Flora M. Wood Concerned in Runyan's Big Steal.

(By Wire to The Morning Star.)

New York, July 13.—Flora M. Wood, a sister of Mrs. Laura Carter, who is under arrest charged with receiving money stolen by Chester B. Runyan, the defaulting teller of the Windsor Trust Company, was brought to New York from Chicago today. The police believe that the Wood woman knows something about the $25,000, which is still missing out of the amount taken from the bank, part of which was recovered when Runyan was arrested in Mrs. Carter's flat some time ago.

The Wood woman caused considerable trouble to the detective who brought her from Chicago. She went into frequent fits of hysteria and kept the car in which she traveled in an uproar. She appealed to the other passengers to protect her from the detective, who she said had robbed her.

CLOUDBURST IN MISSISSIPPI.

Nearly Every Bridge in Vicksburg and County Washed Away.

(By Wire to The Morning Star.)

Vicksburg, Miss., July 13.—This city and surrounding country suffered greatly by a cloudburst which struck here early today. Nearly every bridge in the city and county was washed away. The flood carried away one house. The Yazoo and Mississippi Valley Railroad reports 3,400 feet of track washed out a few miles below Vicksburg and traffic over this line is at a standstill. Outside of the loss to the railroad, the storm damage in this city and county is about $150,000.

MAYOR SCHMITZ LOSES OUT.

Court of Appeals Refuses His Application for Mandamus.

(By Wire to The Morning Star.)

San Francisco, July 13.—The District Court of Appeals today refused to grant Eugene Schmitz writ of mandamus compelling Judge Dunne to set a date for settlement of the bill on habeas corpus proceedings in the case in which he was convicted of extortion and sentenced to five years in the State's prison at San Quentin.

Schmitz' position charged that Judge Dunne was biased; that he had refused to settle the bill of exceptions and that he had purposely hindered the perfection of the appeal in order to keep Schmitz in jail.

Presiding Judge Cooper, of the Appellate Court, ruled that, as a question of fact was involved the court would not attempt to issue a peremptory writ until the issue had been settled. The hearing was thereupon continued, the court expressing a belief that Judge Dunne would do his duty.

PARTIAL RAILROAD OWNERSHIP.

Plan Proposed by President Roosevelt Prevails in Mexico.

(By Wire to the Morning Star.)

Mexico City, July 13.—In government, railway and financial circles great interest was manifested today in a report received here saying that a proposal for the government control of railways in the United States, similiar to that adopted by Mexico, had been before President Roosevelt. This control as exercised by Mexico, is not absolute, the government buying enough of th great trunk lines to give it a dominating influence to be exercised whenever a question of unjust rates presents itself.

IN MEMORY OF WORTH BAGLEY.

Government Names Postoffice in Cuba After Hero Martyr.

(By Wire to The Morning Star.)

Washington, July 13.—The name of the late Ensign Worth Bagley,of North Carolina, the first naval officer killed during the war with Spain, has been given to the United States postoffice establishment at the Guantanamo naval station. Correspondence and telegrams intended for the naval station hereafter are to be addressed" Bagley, Cuba."

Not Up to His Name.

George Peabody, the philanthropist, and John Bright often went to Ireland together to fish. One day they went a couple of miles up the Shannon between Castleconnell and Killaloe. They had engaged the services of two boatmen, and as Bright and Peabody were keen anglers they made a long day of it. On returning in the evening Bright, noticing a policeman on the river bank, asked what sum the boatmen were entitled to for their time. The constable said anything from seven and sixpence to 10 shillings. Bright turned to his companion, saying: "I have no change, Peabody Have you three half crowns?" The millionaire produced the coins and gave them to one of the boatmen, who said, "And is that all ye're givin' me?" "That is all," replied Peabody. "Well, that bates all I iver heard," observed the boatman, adding, as he scratched his head: "An' they call ye Paybody. Faith, I should call ye Paynobody!"—London Standard.

Chop Suey Best of All.

"I have tried them all in their native haunts, and I like them," said the traveler, according to the Baltimore Sun.

"Tried what?" asked the bystander. "Railroads?"

"No; national dishes," answered the traveler. "The hot tamale of the Mexican, the goulash of the Hungarian, the chop suey of the Chink, are all known to me and many others.

"The best of them all is chop suey. The hot tamale is too hot and has very little nourishment to it, and goulash is too heavy. It tastes pretty good, but it is not a food to recommend to a man with a weak stomach. Chop suey, however, is appetizing, easily digested and very nourishing. It is the great contribution of the orient to the occident in my opinion. It is made of rice, sprouted beans, celery and chicken's blood, all mixed together in the form of soup and nicely seasoned."

A Carlyle Comment.

A gentleman once happened to visit Carlyle just after a brilliant man of genius had left him. As they met at the door the man of genius said: "I have just been visiting poor Carlyle. He is a mere wreck, a mere wreck." As the second visitor greeted Carlyle he remarked. "So you've just had Mr. —— with you?" "Yes," was the answer of the "mere wreck," "and thinks God Almighty never made st another!"

Rats Are Ivory Experts.

The ivory dealer pointed to a half dozen rats gnawing among the yellow heaps of tusks and ivory fragments in the garret.

"They are quite tame, you see," he said. "Why shouldn't they be so? The fact is, they are on my payroll. They work for me. Their wages are a pound of cheese and a loaf of bread a week.

"Ivory dealers like rats, for rats are ivory's best judges, and without their help we should often want a higher price for a bad tusk than for a fine one."

He took a fragment of ivory from the floor and pointed to certain small furrows in its surface.

"The rats did that," he said. "Those furrows are a proof of the ivory's excellence. Rats gnaw the ivory that contains animal glue, or gelatin, a substance of which they are fond. And this substance it is that makes ivory excellent, yet a mere man can't tell whether a tusk contains it or not. The rats can tell. They are ivory experts."—New Orleans Times-Democrat.

There Would Be a Vacancy.

"Genius is never appreciated in the lifetime of the man who possesses it," said the poet disconsolately. "Milton, Shakespeare and all the other men who have made our literature what it is—how much were they esteemed when alive?"

"Cheer up, my boy!" said his easy going friend, who had no soul for sentiment. "You'll be appreciated some day."

"Tablets have been put on the houses where they spent most of their lives, but that is of no moment to them. I wonder whether even that will be done for me? I suppose not. I shall leave no vacant place."

"Yes, you will. I can see the inscription in my mind's eye now."

"And what do you think will be inscribed upon it?" asked the poet, brightening up a little.

"'Rooms to Let,'" replied his friend.

And the poet pined away.—Pearson's Weekly.

The Worst of Education.

When the new and the old school meet, there is likely to be a clash of opinions, and so the miller, Brown, found the other day when Farmer Jackson sent his young son across to the mill with a sack of corn which he wished ground into meal. Like the miller, the mill was of the old, leisurely school, and only a tiny stream of meal trickled out. The young man waxed impatient.

"What a mill!" he said, with scorn. "Why, I could eat the meal quicker than this ramshackle old concern of yours can grind it!"

"Aye," said Miller Brown, "but how long couldst keep it up, lad?"

"Till I starved!" was the trenchant answer.

And when Miller Brown had puzzled out the inwardness of the remark he concluded that lads nowadays were "gettin' a power too sharp wi' their tongues."—London Express.

The Scotch Sabbath.

An English artist, traveling professionally through Scotland, had occasion to remain over Sunday in a small town in the north. To while away the time he walked out a short way in the environs, where the picturesque ruin of a castle met his eye. He asked a countryman who was passing to be so good as to tell him the name of the castle. The reply was somewhat startling. "It's no' the day to be asking sic things!"

Another good story of Scottish observance of the Sabbath is told by a clergyman. "A minister of the kirk declared in public that at a country hotel he wished the window raised so that he might get some fresh air, but the landlady would not allow it, saying, 'Ye can hae no fresh air here on the Sawbeth.'"

The Way to Wareham.

Some young women in England have begun to dress out and out like men. They wear a long coat cut like a hunting coat, a cap, riding breeches and top boots. It is a handsome costume, and it is not immodest, but undoubtedly it attracts a good deal of attention. They have been telling in London a story about a girl who adopted this riding rig. Pulling up her horse one afternoon, she said to an artisan who was passing, "Can you tell me if this is the way to Wareham?" The man looked her over carefully, then he touched his cap in a respectful manner and replied, "Yes, miss, yes—you seem to 'ave got 'em on all right."

How Bismarck Kept Up Steam.

In the evening I went to Bismarck's house. I was placed upon the sofa in front of a table covered with teacups and bottles of beer and also with herrings and oysters. His new highness (Bismarck) speedily arrived and sat down by me. He began by consuming innumerable oysters, herrings and ham and drank beer with soda water.—Hohenlohe Memoirs.

His Great Failing.

"He's a good friend of yours, isn't he?"

"Oh, only medium."

"What do you mean by medium?"

"Oh, he listens while I tell him all of my troubles, but he also wants me to listen while he tells me all of his."—London Telegraph.

A Good Deal Worse.

"I had to walk the floor all night with the baby. Can you think of anything worse than that?"

"Yes; you might have married out in Greenland, where the nights are six months long."

There is nothing commonplace which could not be made to appear humorous if quaintly expressed.—Goethe.

Applying the Proverb.

A professional humorist was having his boots blacked. "And is your father a bootblack, too?" he asked the boy.

"No, sir," replied the bootblack; "my father is a farmer."

"Ah," said the professional humorist, reaching for his notebook, "he believes in making hay while the sun shines."

Nearing the Limit.

"Mrs. Henpeck seems to have her husband so well trained that he'd jump through a hoop if she held it up and gave him the word."

"It's worse than that. She even makes him help her celebrate the anniversary of her marriage to her first husband."—Chicago Record-Herald.

Taking Them Down.

Dr. Risk did not satisfy the Calvinistic portion of his flock. "Why," said they, "you dinna tell us enough aboot renouncing our ain righteousness." "Renouncing your ain righteousness shouted the doctor. "I never saw any ye had to renounce."—Driftwood.

Prickly thistles have their uses without doubt, but that doesn't justify you in becoming one.—Sparta Plaindealer.

SPIRITS TURPENTINE

—A severe hailstorm passed over the Keener section of Sampson county Tuesday afternoon. Among the sufferers was Mr. M. J. Bradshaw, who lost all his growing crop ,including 30 acres of fine cotton. He estimated the damage on his farm alone at $1,000. A number of his neighborers also suffered considerable damage, although the area affected was comparatively small.

—Faison correspondence Dublin Journa:l The first crates of cantaloupes were shipped Saturday last by Adam Williams, colored. Cucumbers paid unusually handsome profits this season, in fact, so fine that the cucumber growers hope to give their less fortunate brethren,whogrew potatoes and other less profitable crops, an excursion to the Seashore, including a clam bake and a fish fry.

—Clinton, July 12: Sampson county is making progress along the line of good roads. Under an act of the late Legislature it has issued bonds and will next week begin the construction of modern highways. Roads machinery has been purchased and Mr. Tomlinson, a road building expert, has been temporarily employed as superintendent of the work. Mr. Evander Howard, of Salemburg, this county, has been employed as permanent foreman of the work, which is regarded as a fine selection.

—Clinton, July 12: The Snow Lumber Company, which operates a sawmill three miles east of here on the Clinton & Warsaw Railroad, has brought suit against the A. C. L. Railroad for $10,000 damages for loss of lumber burned at its mill some months ago. The fire occurred some time after the Clinton train had passed and it will be undertaken to show that a spark from the train set the fire which destroyed quite a lot of lumber. The claim will be strongly contested by the railroad which denies the charge and any liability.

—Raleigh, July 12: State Superintendent of Public Instruction J. Y. Joyner, received yesterday from County Superintendent Hodges, of Davie county, $100 toword the Charles D. McIver memorial fund, this amount having been raised among the county schools. Contributions are coming in gradually and Superintendent Joyner says all the schools that have not yet contributed will be asked to do so this fall. The fund now aggregates $6,000, and $10,000 is necessary to provide the bronze statue desired for the State Normal grounds.

—Faison correspondence Dublin Journal: The town fathers purchased a $250 street and road scraper last week from the Burlington, N. C. Road Machinery Co. This scraper will require 4 to 6 mules to pull it and it is guaranteed to do excellent work. As it will take but a short time to keep the streets in good order it is to be hoped that this scraper will also be freely used by the country adjacent and neighboring towns to put the public roads and streets in much better condition. The day of working hand shovels, and cotton hoes by the road hands should become as obsolete as the old spinning wheel and the hand loom,and progressive farmers and the people generally must wake up to the urgent necessity of good roads.

—Raleigh, July 12: Allis Arnold, the young white man against whom the grand jury has returned a true bill charging implication with Elvira Powell, an aged negress, in killing the new born babe of Rose Johnson, Arnold being the alleged father of the child, has surrendered and now occupies a cell in jail. He came from Harnett county, where he has been in hiding and was accompanied when he surrendered by his father, A. A. Arnold, a former police officer of this city. He is 21 years old. The crime was committed in May and was most revolting. Arnold and the negro woman will both probably be tried this term.

—Davidson, July 12: News was received here today of a destressing and probably fatal accident that yesterday befell Mr. John Saeford, farmer, living close to Gilwood Church in Cabarrus. He was returning from the field to his home, riding a mule with the plow gears on him. The animal became frightened by a loud clap of thunder and became unmanageable, throwing his rider, who became entangled in the harness and was dragged quite a distance in violent fashion. The mule carrying the helpless man, jumped ditches and rushed over every obstacle till he reached a wire fence in which he caught and was brought to a standstill. Mr. Saeford was kicked by the animal and several of his ribs were broken. He is not expected to survive his injuries. He is a man not very far from 60 years of age.

—Salisbury, July 12.—Mayor Pro-Tem J. C. Keeler this morning had before him a white man whom he bound over on a serious charge. He was Jim Callahan and the offense was that of attempting criminal assault upon Rosa Wright, a colored woman of ugly reputation. The standing of the woman was such as to make the evidence too shady but the woman in her testimony alleged that in the struggle Callahan's hat was battered up. This corroborating circustances was enough to make probable cause for binding over the white man and he was placed under a $100 bond. His wife sat with him in court and wept bitterly when her husband was remanded to jail in default of the amount required. Tom Carter and Tom Burleyson, witnesses for the defendant, almost proved an alibi for him.

—Dublin Journal: Warsaw: It is with extreme regret that we learn of the death on Monday in New Orleans of Mr. John D. Powers, son of Mr. L. C Powers, of Wallace. The family was informed by wire that Mr. Powers had been shot in New Orleans, but we have not learned the particulars at this writing. Rev. Oscar Powers, of High Point, brother of Mr. John D. Powers, who was shot, went to his bedside as soon as he learned of his critical condition, and will accompany the remains home for burial, they being expected to arrive today. Mr. John D. Powers left Wallace a young man only a few years ago to engage in the turpentine business in Louisiana, in which business we understand he was doing well. The sympathy of all the friends of the family goes out to them in their bereavement and sorrow over the unfortunate and untimely death of this young man.

—Clinton, July 12.—Although there has been a reward of $150 outstanding for the arrest of A. W. Aman, defaulting ex-sheriff of Sampson county, he has not yet been apprehended, and there is now no clue to his whereabouts. At one time he was located in Florida and an effort was made to secure his arrest but he had moved on before this could be accomplished. It is now estimated that the net shortage of Aman with the county will approximate $20,000. Of this amount his bondsmen have made good all that has been demanded of them and from his personal estate something like $6,000 has been paid over. On account of some false entries upon the books which Aman is charged with making which were not discovered when the first demand upon the bond was made, a second demand will be necessary, but the amount to be called for has not yet been determined. It is to the credit of the bondsmen that when demand was made they came up like men without exception and made good what was required of them.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 13.—The cotton market opened steady at unchanged prices to an advance of 3 points in response to better cables than due, but eased off to a net decline of 5 to 7 points on the active omnths shortly after the call under a renewal of pressure from the bear clique and liquidation promoted by favorable weather reports, with the exception of heavy rain at Vicksburg, and rather disappointing week-end figures. A private cable from Liverpool said that financial confidence of Alexandria was gone with the market closed, and expressed a fear that Liverpool would be used to square up extensive forward contracts. This was very confusing to the local trade, and during the middle of the morning, trading was quiet, with fluctuations narrow and irregular. The market closed steady with prices net 7 to 25 points lower.

Receipts at the ports today, 2,260 bales, against 2,670 last week and 2,316 last year. For the week 15,000 bales, against 15,802 last week, and 25,197 last year. Today's receipts at New Orleans, 27, against 1,113 last year, and at Houston 396, against 176 last year.

Spot cotton closed quiet, 20 points lower; middling uplands, 12.85; middling Gulf, 13.10; no sales. Futures opened and closed steady.

The Fighting Lemming.

If the lemming's powers were proportioned to his pluck, the lemming would make things lively for the hunter. It attacks with reckless fury the harmless passerby. One of these creatures, smaller than a rat, will assail without a second thought a couple of human beings weighing 150 pounds apiece. It will spring to one's knees, barking and biting, and in purblind fury fall back "all ends up" to the earth, only to renew the attack again and again. One day while one lemming was flying at me another from beyond a small stream joined in the demonstration and presently swam across to get to close quarters. I was not quite sure that the first fall into the water was not accidental, but hardly think so, since once there it came straight to the charge.—"Wild Norway."

Most Nearly Perfect Vacuum.

It was Professor Dewar's achievement in liquefying hydrogen that led to the discovery of an easy method of obtaining an almost perfect vacuum, and that in a single minute. When a glass tube filled with air and closed at one end has its open end dipped into a cup of liquid hydrogen, the intense cold condenses the air into a kind of snow that settles to the bottom. If, then, the upper part of the tube, from which the solidified air has fallen, is removed by heating and cooling it off it becomes a vacuum chamber so free from air that it is difficult to force an electric current through it.—New York Herald.

HARRIMAN LINES HUGE OCTOPUS

Inter-State Commerce Commission Reports Its Investigations to Roosevelt.

COMPETITION IS CRUSHED

Only Law Prevents Harriman from Absorbing Every Railroad from Canada to Mexico—Harriman Says Report is Political.

(By Wire to the Morning Star.)

Washington, July 13.—A report was made public today by the Inter-State Commission of its inquiry into the railroad operations of Edward H. Harriman and of the operations of the so-called Harriman lines of railway which has been in progress for several months. The report, which was written by Commissioner Franklin K. Lane, is the unanimous expression of the Commission on the subject. Copies of the report have been transmitted to President Roosevelt and to the Departmen of Justice.

It is expected by the Commission that it will determined by the President and Attorney General Bonaparte, from the statement of facts set out in the report, whether the government will institute any sort of proceeding against Mr. Harriman or the corporations involved in the inquiry. No recommendations are made by the commission that either criminal or cival prosecutions be instituted.

The report is an exhaustive summary of the evidence adduced at the several hearings held by the Commission in the course of its inquiry. It enters fully into a discussion of the policy pursued by Mr. Harriman on operating and maintaining control of the various lines of railway in the Harriman system and presents a fairly complete history of the operations of the various lines. Exceprts from the verbatim testimony of Mr. Harriman are given to show, as stated in the report:

"That it is only the law which prevents the concentration into Mr. Harriman's hands of every railroad lying between Canada and Mexico is the frank admission of Mr. Harriman himself made at the hearing.

"To gather under one head all existing trans-continental lines, or as many as possible and to exclude the incoming of all competitors, became maifestly the Harriman policy which was inaugurated in 1901 by the issuance of $100,000,000 of convertible bonds by the Union Pacific."

Mr. Harriman's eventual control of many of the competing trans-continental lines was preveted, it is pointed out, by the Supreme Court decision in the Northern Securities case. It is shown by the report that it has been no part of the Harriman policy to permit the properties brought under Union Pacific control to decline, as in every case they are better today than they were when Mr. Harriman acquired them.

Particular stress is laid by the Commission on the elimination of competition on the trans-continental business among the Harriman lines and the Commission indicates that that is the matter of large significance developed in its inquiry.

Special reference is made to the deal by which Mr. Harriman secured control of the San Pedro road and to the manipulation of the Chicago and Alton, a very careful synopsis of the financial operations in both instances being given.

New York, July 13.—Mr. Harriman speaking by telephone from Arden tonight, said:

"From what I am told the report is a political document and part of a personal pursuit of me. The tone of the report and the method of its promulgation show that. Imagine a court or any judicial body sending copies of its decisions around secretly to newspaper publishers days in advance under pledge to publish it simultaneously Sunday morning. That is what the Commission did. Their opinion was put in type several days ago and sent to newspapers throughout the country with the following printed in bold type at the head: "Confidential. To all newspapers: This report is released for publication on Sunday morning, July 14, 1907, and not before."

"It is deemed good politics to attack me. But I can stand it much better than the people of this country can stand that sort of proceedure on the part of government tribunals charged with the duty of impartially administering the laws.

"I shall study it carefully and have something to say about it later. But from what I am told, it is full of strange misstatements of facts. For example, in reference to Chicago and Alton, it says that I caused about $12,000,000 to be credited to construction expenditures, in order to find an excuse for borrowing money to pay dividends. As a matter of fact that was a written recommendation made by President Felton when I was in Alaska and it was adopted by the board of directors at a meeting at which I was not present. Again it is said that a certain method of accounting that was carried would have the effect of covering up the payment of the special dividend, thereby intimating some wrongful concealment. This is a most extraordinary statement for the writer of the report to make when it is considered that the stockholders necessarily knew of the dividend because every one received his share, and when it was published in every financial journal at the time and was reported to the Stock Exchange and shown on its printed lists. The suggestion, therefore, of any reason or desire for concealment is most unfair. I am informed by those examining it more carefully, that the article is full of errors as glaring and inexcusable as these."

HAYWOOD TRIAL AT BOISE, IDAHO

Startling Development Yesterday When State Began Its Testimony in Rebuttal.

ANOTHER CONFESSION

William Dewey Admits Active, Armed Participation in Labor Riots. Warrant Issued for Prominent Physician Charging Perjury.

(By Wire to The Morning Star.)

Boise, Idaho, July 13.—Startling developments came today in the trial of William D. Haywood for the murder of Steunenberg, when the State begun its rebuttal evidence. One witness confessed to participation in a labor riot, resulting in the death of two men. The record of conviction for murder in the second degree of a witness for the defense was introduced and the proof of another having been sent to the insane asylum on the informtion of his neighbors was offered. Its admissability was argued and the decision of the court will be handed down Monday. Finally, shortly after court adjourned for the day, information was sworn to and a warrant for perjury was issued against Dr. I. L. McGee, a physician of Willace, Idaho, who was one of the witnesses for the defense. Sheriff J. W. Bailey, of Shoshen, county telegraphed to Wallace tonight to arrest McGee.

A crowded court room sprang to strained attention at the close of the second session of the Haywood trial today when William Dewey, a witness in rebuttal for the State, confessed to active, armed participation in the destruction of the Bunker Hill and Sullivan concentrator on April 28, 1899, when two men were killed in a riot of a thousand men. Harry Orchard began his series of crimes at Wardner, where, he said he lighted one of the fuses that started the explosion, and he swore that William F. Davis, known among his fellows as "Big" Bill Davis, led the mob.

Witnesses for the defense have sworn that Orchard was not at Wardner on April 29, 1899. Davis himself has sworn that he was elsewhere, and positively denied any connection with the crime for complicity in which Paul Corcoran was tried and convicted, and some dozen men, including Davis himself, were indicted. Davis on the stand admitted that he went into hiding immediately after the rioting.

Dewey swore today that not only did "Big Bill" accompany the mob to Wardner, but that he served out the guns, rifles and ammunition to the union men gathered in the union hall at Burke before they wet to Wardner, and was one of the leaders of the column that advanced on the concentrator before the work of destruction began. Eight years have elapsed since that of the rioting, the consequences of which was the calling out of United States troops at the request of Governor Steunenberg, the establishment of the first military "bull pen," and the laying of the foundation, according to the prosecution, for the animus on the part of the Western Federation of Miners against Steunenberg, resulting in his assassination by Orchard in 1905. Since that time no witness, except Orchard has been found to tell the story or incriminate himself until this afternoon when Dewey, now a resident of Colorado, made this confession.

Under cross-examination, Dewey told why he had come to Boise to confess after eight years of silence. He had been a miner in Colorado for seven years, he said, and had even risen to be elected town marshal.

"What promise of immunity of punishment was given you before you decided to make the confession of crime? What reward will you receive? What induced you to make this statement now after all these years?" were some of Richardson's questions.

"None," was the laconic reply to the first two questions. But to the last one the witness answered:

"I read Orchard's confession."

"You saw how well he was treated here, and decided to get a little of it?" sneered Richardson.

"It was nothing of that kind," responded Dewey, quietly, "I thought I ought to help along with the doing of justice."

Dr. I. L. McGee, against whom a warrant for perjury was issued, is a wealthy resident of Wallace. One time he kept a hospital there. In his testimony for the defense he swore that Orchard was in Wallace in August and July of 1904. It was at this time, the State asserts, and Orchard himself says, that Orchard was in Denver, planning the Bradley murder.

One of the witnesses today swore that Orchard was at his hotel in Denver in July or August, 1904. McGee was also one of the witnesses who swore that Orchard was at Mullan on the day of the explosion at the Bunker Hill and Sullivan concentrator.

One of the most interesting witnesses was August Paulson, once a poor miner partner of Orchard's in the Hercules mine. He retained his interest in the Hercules for five years until the mine became one of the best properties in the country and he is now wealthy. Orchard said that he planned to kidnap Paulson's children and extort a ransom of $30,000. The coup did not come off. Paulson was called at this time to show that Orchard disposed of his interest in the mine some time before he left Idaho. Paulson will be recalled later.

Counsel for the State expect to finish the rebuttal by Tuesday evening or Wednesday at the latest.

SLICK WOMAN'S SWINDLING GAME

Used J. Pierpont Morgan's Name to Defraud Well Known London Families.

GOT $42,500 AT ONE HAUL

Her Dupe Was Miss Annie Blount, Who Thought She Was Investing in One of Morgan's Deals. Morgan Witness.

(By Wire to the Morning Star).

London, July 13.—J. Pierpont Morgan appeared in the West London police court today as a witness in the case of Mrs. Josphenine Leslie, who was arrested at New Market, July 4, charged with defrauding members of wll known families by false pretenses, and who represented herself to be a friend of Mr. Morgan. The latter repudiated all knowledge of Mrs. Leslie. He said he did not write to her advising her to join one of his syndicates, and never invited Mrs. Leslie, as alleged, to dine at his son's house. As a matter of fact, Mr. Morgan added, he was in New York at the time of the alleged invitation.

On cross examination, Mr. Morgan said he did not remember any invitation being sent to George Eastwick the prisoner's father, for a public dinner which Mr. Morgan gave in New York. Mr. Morgan was sure that his firm had no customer of that name and he said it was improbable that any of his business friends would speak of investiments returning twelve per cent, which Mrs. Leslie said was to be in trust on money invested in the alleged Morgan syndicate.

"I do not know many of that character," said Mr. Morgan in conclusion.

Asked where he spent his school days, Mr. Morgan replied: "At Hartford and Boston."

The prisoner here interrupted the witness saying: "Pardon me. It was in Germany."

"Oh, yes," admitted Mr. Morgan, "I was at the University of Goettingen."

Mr. Morgan replying to further questioning, said he knew several of those who attended Eastwick School, but when asked if he invited a college chum of that name to attend a dinner given to Dr. Chandler, of New York, he replied: "No. The committee attended to the invitations. It was not a dinner to be given to Dr. Chandler, but a re-union of students."

In the course of the evidence it was stated that Mrs. Leslie was married before the American consulate at Genova, Switzterland, and left her husband in Switzerland in 1906.

In a letter found on the prisoner, addressed to "Miss Eastwick, Ostend" and referring to her impending arrest, occurred the sentence: "I am afraid I shall get a longer term of imprisonment than before."

After the plaintiff, Miss Annie Blount, had testified briefly that she was induced to give Mrs. Leslie $42,500 on the strength of letters purporting to have been written by Mr. Morgan, promising huge returns, the case was adjourned.

Prior to Mr. Morgan's signing his evidence, the clerk of the court addressing the witness said: "You are bound over to attend the new Bailey Sessions, but you will receive notice when you are required to attend."

Mr. Morgan replied "All right," bowing of the magistrate.

ACT IS UNCONSTITUTIONAL.

State Can't Inhibit Corporations From Removing Suits.

(By Wire to The Morning Star.)

Montgomery, Ala., July 13.—Judge Thos. G. Jones, of he United States Court for the Fifth Circuit, today ruled that the law passed by the Legislature by which the removal of a suit from the State to the Federal Court revokes the license of any railroad corporation, is invalid and in violation of the constitution of both the State and the Nation. It abrogates the contract made between the corporation and the State and is in violation of the State constitutional provision that corporations shall have the same rights to sue and be sued as given to individuals. He also gave his reasons for granting temporary injunctions to restrain operations of rate and regulation laws, these being to allow the railroads to prove or not prove their allegations that the laws are confiscatory and impossible of keeping.

MORE DEPENDS UPON THE POLICY

in a Life Insurance contract than most persons are aware. Much, too, depends upon the Company. The way to be safe when taking out Life Insurance is to get a NEW YORK STATE STANDARD POLICY and get it from

The Equitable Life Assurance Society of the U. S.

You then have a Policy giving every possible advantage to Policyholders. And you have a Company whose financial standing is a guarantee that all the Legislative requirements of the Standard Policy will be fully and carefully carried out. A Company which is liberal to its Policyholders in the extreme and which pays all claims promptly and without dispute.

Ask me for further information about the Standard Policy and the Equitable Life Assurance Society.
